Advocates and Legislators Fight to Keep Protections for Antipsychotic Medications

So far this year, over 16,000 emails through NAMI St. Louis’ legislative alert system were sent to elected officials to protect access to mental health treatment, most of which were for maintaining Missouri Statute RSMo 208.227 which protects antipsychotic medication prescriptions written through Medicaid from restrictive policies such as Preferred Drug Lists, Prior Authorization, and Step Therapy (Fail First Policy). This is an all-time high and speaks to the high importance that advocates place on having access to antipsychotic medications. Many legislators felt the same way and fought to keep this statute in place. Seventeen state legislators on the House Budget Committee – where the fight was ultimately won – voted to restore the protective statute.

There were two bills – SB 433 and HB 986 – that included restrictive policies for antipsychotic medications, as well as a repeal of Statute RSMo 208.227. Ultimately, HB 986 was added to SB 139, but only after the statute was restored.

Statements made by advocates during this process appear below. Names have been deleted for confidentiality.

“If HB 986 repeals the protective language in Missouri Statute for anti-psychotic medications, the ability to get the right medication at the right time will be greatly limited. This is particularly important for children and young adults who may be able to change their trajectory towards disability if they had the right medication that helped them become more functional sooner in life. One example is the long-acting Invega Sustenna for Schizophrenia. In my practice setting, if we can get patients on the right medication at the right time, we can reduce the chance of further relapses in Schizophrenia. Prospectively, we can reduce overall cost of the illness over a lifetime.” – Quote from Child & Adolescent Psychiatrist, Farmington, MO.

“The prior authorization (PA) process takes time away from my already tight schedule to see children and adolescents who need treatment for their behavioral health issues. In Missouri there are less than 150 child and adolescent psychiatrists to serve all in need, which means that sometimes children go without care or receive care from a doctor who may not be well informed about behavioral health issues. If HB 986 is passed, it will further delay initiation of appropriate care or interrupt next steps of care of those who need it the most.” – Quote from Child & Adolescent Psychiatrist, St. Charles, MO.

Although there is still a chance that some restrictions may be placed on newly-prescribed antipsychotic medications through Medicaid, advocates are still hopeful that we have maintained protections against restrictions that get in the way of the doctor-patient relationship and ability to access the “right antipsychotic medication” that can offer the highest level of functionality and recovery.
Message from Al Schopp, President of the NAMI St. Louis Board of Directors

As you know, Dar Walker is retiring after having served over 17 years, starting as an educator for Family-to-Family with his wife Mary Louise, as NAMI St. Louis President and Board Member, and ultimately as NAMI St. Louis Executive Director. Included on the adjacent page is a tribute to Dar for his long-standing service.

We will always be indebted to Dar for his leadership, service, and financial expertise. His influence will live on. We also want to thank Mary Louise Walker, Dar’s wife, who supported Dar throughout his tenure as Executive Director. The adage “Behind every successful man is a good woman” rings true.

After an extensive search for a new Executive Director, the Board of Directors selected Christine Patterson, Ph.D, as the next Executive Director of NAMI St. Louis effective May 22, 2017. Please welcome Christine in her new role as the Executive Director.

Dear NAMI St. Louis Family, Friends, and Supporters:

I am so excited to be chosen as NAMI St. Louis’ next Executive Director! My personal experience with family members who live with mental health and substance use disorders has fueled my passion for mental health and improving the education, understanding, services, and advocacy for all people living with a mental health condition as well as their families. I believe the future of NAMI St. Louis is bright, and I am looking forward to working with all of you. Together, we can build upon the work of my predecessors and accomplish even more.

I was introduced to you in the last newsletter as the new Director of Development. I have a M.A. and Ph.D. from the University of Missouri in Sociology. Previously, I worked at the Missouri Coalition for Community Behavioral Healthcare where I managed the Community Mental Health Liaison Initiative (CMHLIs), Crisis Intervention Teams (CIT) and the Zero Suicide Project. I have conducted research in the areas of mental health, juvenile justice, child welfare, preschool education, and teacher education as well as having 17 years of teaching experience. The first event I coordinated and fundraised for NAMI St. Louis was the 2017 NAMIWalks St. Louis. I am thrilled to share that, as of June 5, 2017, together we have raised almost $170,000 – the most money ever raised for NAMIWalks St. Louis! Thank you everyone who helped us exceed our goal! We couldn’t have done it without your help, support and passion.

Below are several key event dates in the coming months. I would love to meet you, so please join us!

- **The NAMI St. Louis office is moving**: Effective July 3, 2017, our new address will be 1810 Craig Road, Ste 124, Maryland Heights, MO 63146. Please make note of this change in your records. Our phone number, email address, website, Facebook page will remain the same.

- **Retirement Celebration/Open House**: Monday, July 17, 2017, 5:00-7:00 pm. Please join us in a celebration of Dar Walker’s service to NAMI St. Louis and take an opportunity to tour the new office.

- **NAMI St. Louis Night at the Ball Park**: Saturday, August 12, 2017, 6:15 pm, the St. Louis Cardinals face the Atlanta Braves. Tickets are $35 per person and all proceeds benefit NAMI St. Louis programs. You can buy tickets at www.namistl.org or call Steve Powell at 314-685-4501.

- **NAMI St. Louis Annual Meeting**: Monday, September 18, 2017, we will hold our annual meeting. Please check our website for details.

- **NAMI St. Louis Annual Gala**: Saturday, November 18, 2017, we will celebrate Beautiful Minds at our annual Gala. Please note the new location at the Ritz Carlton, St. Louis.

As I look forward to NAMI St. Louis’ next chapter and working with all of you, I welcome your feedback. I am eager to get your perspective on how we can expand and improve our service delivery, engage more community partners and sponsors, engage more volunteers, expand our social media presence, and work to reduce stigma surrounding mental health and substance use disorders. Watch for a survey in the coming months.

Please feel free to call me at 314-562-4670 or email me at epatterson@namistl.org.

Christine Patterson, Ph.D.
Executive Director, NAMI St. Louis

---

**Gateway to Mental Health Recovery**

**share your experience**

You can share your experiences with us by writing for the NAMI St. Louis blog and “I Am NAMI: In Our Own Words” newsletter. “I Am NAMI” is a newsletter by people with mental illness for people with mental illness is available quarterly on our website, www.namistl.org. Submissions for this newsletter may be sent to Sharon Lyons (sharon@namistl.org).

Blog submissions will be posted periodically and may be sent to Mike Eisenbath. (meisenbath@gmail.com) Submissions of 250 to 500 words may be from friends, family, or people with mental illness.
Hats off to Dar Walker!

What can you say about someone who has spent the last 20 years, give or take a few, serving NAMI St. Louis, first as a volunteer Family-to-Family teacher, then a Board Member and President, and then as the Executive Director? The answer is...a lot!

Dar is a stigma buster, an educator, an advocate, a businessman and a forever friend dedicated to the NAMI St. Louis mission. Yes, Dar has been all of these things and more to NAMI St. Louis and its mission!

Dar started his association with NAMI St. Louis as a stigma buster and educator. Dar and his wife, Mary Louise, have spent countless hours teaching the NAMI St. Louis Family-to-Family Course to caregivers; giving presentations that he and his wife produced for NAMI St. Louis to members of numerous faith communities; and teaching the Mental Health First Aid Program to members of the general public. During his tenure as Executive Director, Dar implemented the Mental Health First Aid Program which reached a broader audience than caregivers and served as a major stigma buster for those who still thought mental illness was a weakness in character or could be overcome by pulling up one’s bootstraps.

As an advocate, Dar has participated in NAMI St. Louis Advocacy Committee meetings and events. He has given public testimony about mental health issues at the State Capitol; written letters to the editor and Op Ed articles about mental health for local newspapers; and visited with local elected officials regarding mental health budgets and public policies. During his tenure as Executive Director, NAMI St. Louis was instrumental in fending off large cuts to public mental health services; creating a special-needs set-aside for low income housing tax credits in Missouri; supporting the development of a non-profit that focused solely on creating affordable housing for the most vulnerable in the St. Louis Region; and facilitating a task force that focuses on increasing access to child and adolescent psychiatry.

Dar spent most of his early career with the Monsanto Company as a businessman and engineer. As a Board Member and Executive Director, Dar brought his business acumen to certain aspects of NAMI St. Louis’ work. He was always looking for ways to make NAMI St. Louis’ work more efficient and effective and to raise more money. Under his leadership, NAMI St. Louis’ budget increased and more people were served, particularly by educational programs. The Family-to-Family Course went from 10 offerings per year to 14 offering per year; over 300 local corrections personnel participated in the Mental Health First Aid Program; and NAMI St. Louis partnered with the Behavioral Health Network of Greater St. Louis to outreach and better inform African-American communities of faith about mental illness.

Now, Dar is retiring. His last day of work at NAMI St. Louis is Monday, June 19. We know that Dar will remain a forever friend who is dedicated to the NAMI St. Louis’ mission; but his presence will be greatly missed by all!

Thank you, Dar, for your outstanding contributions to the NAMI St. Louis Mission!

If you would like to send Dar a note and wish him a happy retirement, please send letters and notes to the NAMI St. Louis Office: 1810 Craig Road, Maryland Heights, Missouri 63146. Staff will make sure that he gets them!

NAMI ST LOUIS MEMBERSHIP AND DONATION REQUEST FORM

Enclosed is my donation to assist the work of NAMI St. Louis. Donate securely online at www.namistl.org/general-donations.

☐ $5*  ☐ $10  ☐ $20  ☐ $40*  ☐ $60**  ☐ $100  
*Please enroll me as a member of NAMI St. Louis.  **Please enroll my family as a member of NAMI St. Louis.

(Expiration rates are effective July 2017. Membership automatically renews/enrolls your membership with NAMI National and NAMI Missouri.)

Please note that your membership dues defray the expense of membership publications. Any additional donation to NAMI St. Louis provide direct funding for family mental health education and support programs provided in our region. As a member of NAMI, you may receive requests to support NAMI initiatives and/or state initiatives which are separately funded from our local NAMI St. Louis programs.

Please charge my donation of $______________ to:  ☐ Mastercard  ☐ Visa  ☐ Discover  ☐ One Time  ☐ Monthly

Gateway to Mental Health Recovery
We Raised Almost $170,000!

We couldn’t have done it without you!
More than 80 walk teams and about a thousand friends and family participated in the 15th Annual NAMIWalks St. Louis on May 6, 2017 at Chesterfield Central Park. It was a gorgeous day, and people loved the new location. We have included some pictures here, but go to our website for additional pictures: www.namisl.org.

So far, you have raised almost $170,000, and donations are still coming in.
NAMIWalks fights the stigma of mental illness through a fundraising outreach effort that funds family education, support and advocacy programs. Because of your amazing efforts, more individuals will be able to connect with others who understand what they are going through, and NAMI St. Louis can bring hope and recovery to more families in our community. We are making progress, but we know there are so many more in our community who continue to struggle with not knowing what to do now. It begins with one step.
Together, we can end stigma and create a supportive and understanding community. Your support is changing lives.

Anxiety and Depression: Taking Charge of Your Health & Well-being
Speaker: Sheila Hunt, MA, LPC, Regional Director of Business Development/Assessment & Referral at CenterPointe Behavioral Health System

Anxiety and depression are two of the most common mental health concerns in our society. Anxiety and depression are not the same, but they often occur together. In this presentation you will learn how to identify the hidden triggers of anxiety and depression by taking care of your health, managing your stress, your relationships and environment.

August 10, 2017

Your Dependent with Special Needs: Making Their Future More Secure
Speaker: Michael Chiodini, Investment Advisor Representative of SII, Chiodini Financial Group, LLC

Families with children and other dependents with special needs, no matter what the age or disability, face many serious questions about how to best prepare for their future well-being. This workshop addresses such critical issues as protecting government benefit eligibility for Supplemental Security Income (SSI), creating Special Needs Trusts and the importance of a Will. Taking steps now can help arrange for a loved one’s well-being today and tomorrow.

September 14, 2017

Mindfulness & Yoga for the Caregiver: Get Out of Your Mind and Into Your Life
Speaker: Tami Meyer-Stahl, RN, 500hr RYT from Jane’s House of Yoga

Ms. Meyer-Stahl had the opportunity to attend a conference with Jon Kabat-Zinn (author of Full Catastrophe Living and founder of the Mindfulness Based Stress Reduction program at U Mass) and Thich Nhat Hanh and his monastics. The conference was a blending of western science and eastern modalities aimed at health care providers.

This interactive session will explore several mindfulness and yoga practices as ways to care for yourself so that you may continue to care for others. Mindfulness is about being fully present to life as it is in the moment without getting carried away by thoughts. It’s a practice of learning to live life fully in each and every moment and cultivating the ability to respond rather than react to life...and to embrace it all as it all belongs.

October 12, 2017

NOT what you THINK - An Introduction to the Healing Power of Hypnosis and Meditation
Speaker: Kevin Herbert, LPC, CH

Like prayer, hypnosis and meditation are controversial topics for the general public. However, research in medicine, neuroscience and psychology have demonstrated the unique effects of these approaches upon the brain and behavior. Understanding how the body and brain process information is key to understanding the power of these ancient approaches to treatment.

Continued from page 1

Governor Greitens and the Department of Social Services will now decide how the law is interpreted. So, stay tuned! If you want to receive an update via email and currently are not signed up for the NAMI St. Louis email alert system, please send your name and email to Jackie Hudson at jhudson@namistl.org and request that you are added to it.

Thanks to all mental health advocates who voiced their concerns on this issue, especially those who came to the State Capitol numerous times: Cindi Keele, Sue Crain Lewis, Ann Mattingly, Scott Perkins, Karen Ratay, Dr. Mark Routburg, Theresa San Luis, and Mark Utterback.

Together, we make a difference!
we are moving!
As of July 3, 2017, our new address is:
